K. C. B., V. C., R. E.,

*Offg. Resident in Mysore.*

## PART I.

### GENERAL SUMMARY.

Two slight changes in the administration are recorded in paragraph 1 of the report, viz., the delegation to the Assistant Resident of the duties of Inspector General, Registration, and Registrar of Companies in the Civil and Military Station, hitherto performed by the Inspector General, Registration, and Registrar of Companies in Mysore.

The following additions were made to the laws in force in the Station:—

(1) Act II of 1885.
(2) Act II of 1886.
(3) Act XXI of 1860.
(4) Act X of 1886.
(5) Act XVI of 1863.
(6) Act XIX of 1841.
(7) Act VI of 1878.
(8) Act II of 1882.
(9) Act IV of 1886.
(10) Act XXXV of 1858.

2. *Police.*—No change was effected in the constitution of the Police Force during the year. The total cost of the force amounted to Rs. 63,188 against Rs. 59,197 in the preceding year and Rs. 63,623 in 1884. The working of this department has been satisfactory. There has been a general decrease of crime under all heads except serious offences against person and property or property only. The percentage of convictions to cases brought to trial was 97·94 against 98·77 in the previous year, while the high rates of persons convicted to persons arrested was maintained.

The value of property stolen was less than in 1885, and the percentage of recovery was Rs. 87—5—11 against Rs. 45—14—0 in that year.

3. *Criminal Justice.*—The total number of offences reported was 3,516 or 9 more than in 1885, while the number of cases returned as true amounted to 3,479 or 44 more. The percentage of convictions was 70·31 against 71·30 in 1885. The average duration of each case was very little over one day, which is satisfactory.

There were two cases of murder against one in the previous year, one case of rape, one of counterfeiting coin, and one of grievous hurt, all of which resulted in conviction.

Twenty-one cases affecting 23 European British subjects were brought to trial. Conviction was obtained in 12 cases affecting the same number of persons.

Thirteen cases involving 15 persons were tried by the Court of Sessions against 5 in the previous year. Of these 2 were acquitted or discharged and the rest convicted.

Sixteen appeals were filed in the Court of Session or two less than in 1885; 13 of which were disposed of during the year. The average duration of each appeal was 16·1 days against 5·94 in 1885.

In the Resident's Court 7 appeals were filed, all of which including 2 pending from the previous year were disposed of. The average duration of each appeal was 23 days against 27·66 days in 1885.

The total revenue for the year derived from court fees, fines and forfeitures amounted to Rs. 6,047-11-7 or Rs. 920-11-0 more than in the preceding year. The cost of the administration of criminal justice amounted to Rs. 16,349—7—11 against Rs. 16,086-8-2 in the previous year.

There has been a considerable increase in the number of offences under the heads of assault and criminal intimidation, due principally, it is said, to the return to the Station of a large number of camp-followers who had left Bangalore early in 1885, and amongst whom quarrels are of frequent occurrence.

The detention of 217 witnesses for more than one day in the 2nd Class Magistrate's Court is not a satisfactory feature in the report.

The punishment returns show that in no single instance was solitary confinement inflicted, and that simple imprisonment was awarded by the 2nd Class Magistrate in a large number of cases. The Magistrate's explanation that he took the physical condition of the offenders into consideration in passing sentences and that those who owing to poverty were unable to pay the fines imposed on them were sentenced to simple imprisonment in default is hardly satisfactory.

4. *Civil Justice.*—One-thousand eight-hundred and ninety-four suits were instituted against 1,825 in 1885. The average value of each suit was Rs. 109—1—6 as compared with Rs. 211—5—8 in 1885. The greater portion or 90·19 per cent of the suits instituted were of the nature of small causes.

There were 2,051 suits for disposal including 157 pending from the previous year. Of these 1,821 were disposed of, 1,405 being uncontested. The average duration of uncontested suits was 14·99 days against 17·36 in 1885, and that of contested cases 30·50 days as compared with 31·50 in 1885.

There were 380 miscellaneous cases for disposal against 134 in the previous year. The increase is said to be due partly to the large number of applications for arrest and attachment before judgment filed during the year under report, and partly to the increase in the number of execution proceedings.

One-thousand three-hundred and twenty-two applications for execution of decrees were made against 1,264 in 1885. 1,239 applications were disposed of, of which 38·09 obtained satisfaction in full and 40·92 were wholly infructuous.

The amount realized in execution after issue of process shows a considerable falling off, which is due to the fact that in 1885 a very large sum viz., Rs. 35,100 was realized in execution in one suit alone.

A large increase is observed in the amount paid by judgment debtors voluntarily into Court, but this cannot be ascribed to any special cause.

Including 7 cases pending at the beginning of the year, there were 20 appeals filed in the Court of the Resident as High Court, 19 of which were disposed of during the year, 15 being confirmatory of the decrees of the lower Court. The average cost of each appeal to suitors was Rs. 217—14—1, while the average duration was 74·26 days as compared with 42·78 days in 1885.

5. *Registration.*—The number of documents registered was 1,504 or 86 more than in 1885, the value of property involved being Rs. 8,85,778 or Rs. 1,48,942 in

excess of the figures for 1885—86. The percentage of expenditure to income was only 34·54 against 38·77 in the previous year.

6. *Municipal.*—The actual receipts, exclusive of the opening balance of Rs. 11,820, amounted to Rs. 1,85,329, or Rs. 20,752 more than in 1885—86. The local cess on abkari and land revenue for the two years 1885-86 and 1886-87 amounting to Rs. 28,858 was made over to the Municipality during the year under report, partly for general conservancy purposes and partly to meet the cost of primary education in the Station. The expenditure amounted to Rs. 1,63,584 or Rs. 12,014 less than in 1885—86. The incidence of taxation, including octroi, per head of the population, was Rs. 0—14—2 against Rs. 0—15—3 in 1885—86.

The report notices the circumstance that the attendance of the non-official members of the Board was not on the whole satisfactory, the native Commissioners being especially remiss in the matter.

7. *Military.*—The strength of the Garrison was somewhat reduced during the year under report, owing to the continuance of military operations in Burmah.

8. *Agriculture.*—The area under cultivation in a small tract like the Civil and Military Station is naturally very limited, and comprised during the year only 735 acres. The demand was Rs. 3,872 and the collections Rs. 3,607.

9. *Weather.*—The mean temperature was 72·6 as compared with 74·3 in 1885—86 and the rain-fall 44·52 inches or 5·28 inches in excess of the previous year.

The outturn of crops was above the average, and the public health generally fair.

10. *Trade.*—A considerable falling off is observable in the import of ragi, coffee, cardamoms, dry and fresh cocoanuts, gold and silver, and a corresponding increase in that of rice, wheat, gram, sugar, gingelly oil, and piece-goods. The export trade was brisker than usual during the year under report.

11. *Finance.*—The receipts of the year under all heads in the Resident's Treasury amounted to Rs. 68,58,957 against Rs. 64,83,367 in the previous year. The disbursements rose to Rs. 60,85,078 as compared with Rs. 64,54,009 in 1885—86. The closing balance including the opening balance of the year was Rs. 15,44,892.

The gross revenue of the Civil and Military Station amounted to Rs. 3,77,255 against Rs. 3,37,588 in the previous year. The net receipts after deducting charges against income amounted to Rs. 3,65,787 or Rs. 37,018 more than in 1885—86.

The expenditure was Rs. 1,44,307 against Rs. 1,56,817 in the previous year, leaving a balance of Rs. 2,21,480 or Rs. 49,528 in excess of the figures for 1885—86.

12. *Vital Statistics.*—The number of births registered was 1,764 against 1,846 in 1885—86, the ratio being 18·85 per mille of the population against 19·73. The deaths recorded were 1,110 against 1,152 in 1885—86, giving a ratio of 11·87 per mille as compared with 12·31 in the preceding year. There were no deaths from cholera and only 22 from small-pox. The highest mortality was in August (131) and the lowest in December (64).

13. *Medical Relief.*—The number of in-door and out-door patients treated at the Bowring Civil Hospital was 1,317 and 18,183 respectively, or 181 and 854 more than in 1885—86, which is satisfactory. The average of the 3 preceding years however is higher, being 1,526 and 23,365 respectively.

14. *Vaccination.*—The total number of operations was 2,093 or 434 more than in 1885—86, the percentage of successful cases being 87·07 as compared with 86·89 in the year previous.

15. *Education.*—The progress under this head has been steadily maintained. There were 75 aided schools in the Station at the close of the year against 72 in the preceding year. Of these 45 were for boys and 30 for girls. The number on the rolls rose from 4,082 in 1885—86 to 4,421 in the year under report, of whom 1,522 are

girls. The cost of educating each pupil is estimated at Rs. 21—9—2 as compared with Rs. 21—12—0 in 1885—86, and the total cost is apportioned as follows:—

| | | | |
|---|---|---|---|
| Government Grant .. .. .. .. | Rs. | 6 | 14 | 9 |
| Fees .. .. .. .. .. | „ | 7 | 11 | 6 |
| Other private sources .. .. .. | „ | 6 | 14 | 11 |
| Total.... | | 21 | 9 | 2 |

The contribution from Imperial Revenues towards education in the Civil and Military Station during the year was Rs. 25,373, and from municipal funds Rs. 5,224. The income from private sources amounted to Rs. 64,789 which includes Rs. 34,135 realized from fees.

There were 58 unaided or private schools or 3 more than in 1885—86, with 2,299 pupils or 101 more. Of these 49 schools are for boys and 9 for girls.

The income of these institutions was reported to be Rs. 529 from fees and Rs. 459 from other sources.

16. *Literature and the Press.*—The number of works registered during the year exhibits a remarkable falling off, being only 12 as compared with 16 in 1885 and 58 in 1884. There were 19 printing presses or 2 more than in 1885.

17. *Missions.*—Paragraphs 218—234 give much interesting information of the good work done by the Roman Catholic, London and Wesleyan Missions in the Station during the year.

## I. PHYSICAL AND POLITICAL GEOGRAHPY.

### CHANGES IN THE ADMINISTRATION.

16. No change occurred during the year under report in the form of administration of the State, except that the Assistant to the Resident in Mysore was placed in charge of the office of Inspector General of Registration hitherto held by the Inspector General of Registration in Mysore. The work in connection with the registration of companies in the Civil and Military Station under Act VI of 1882, hitherto performed by the Registrar of Companies in Mysore, was also delegated to the Assistant Resident.

19. In May 1886, Mr. C. E. R. Girdlestone made over charge of the office of Resident in Mysore to Mr. J. B. Lyall who returned from furlough. On being nominated Lieutenant Governor of the Punjab and its Dependencies, Mr. Lyall made over charge, in March 1887, of the office of Resident to Mr. D. Fitzpatrick, C. S. I., who was appointed to officiate as Resident during the absence, on furlough, of Sir Charles E. Bernard, K. C. S. I., the permanent incumbent of the post.

## II. ADMINISTRATION OF THE LAND.

20. Major E. P. Maltby, Collector, Civil and Military Station, retired from service, on the 1st January 1887, and was succeeded by Lieutenant-Colonel H. M. S. Magrath on the 18th February 1887, Mr. E. Hewetson holding temporary charge of the office in the *interim*.

21. The Station comprises fourteen villages. Of these 5 are held on Kayemgutta, Jodi, and Sarvamanya tenures, while in the remaining 9 (7 surveyed and 2 unsurveyed) villages, the holders of land pay the revenue direct to Government. The assessment for the year was Rs. 3,872, while the collections realized amounted to Rs. 3,607, including a sum of Rs. 225 on account of a penalty of 30 years' assessment recovered from a proprietor of culturable land owing to his having made use of it for building purposes. No land was taken up for cultivation, nor was any relinquished during the year under report.

22. The jamabundi was held by Lieutenant-Colonel Magrath on the 14th March 1887. The revenue accounts were checked and found to have been carefully kept. The outstanding balance of land revenue, with local cess due on the 31st March 1887, amounted to Rs. 788 including arrears due for previous years.

23. The usual services in the temples receiving muzrayi aid from the revenues of the Assigned Tract are reported by the Collector to have been regularly performed during the year.

## III. PROTECTION.

### COURSE OF LEGISLATURE.

24. With a view to relieve the Civil Judge of a portion of his civil judicial work, a Munsiff's Court was established in the Station in January 1887, with jurisdiction to try all original suits in which the amount or value of the subject-matter does not exceed Rs. 500, and the 2nd Magistrate in the Station, for the time being, was appointed the presiding officer of the Court.

25. The following legislative enactments were extended to the Station during the period under report:—

(1). II of 1885.—An Act to amend the Negotiable Instruments Act, XXV of 1881.

(2). II of 1886.—An Act for imposing a tax on income derived from sources other than agriculture.

(3) XXI of 1860.—An Act for the registration of literary, scientific, and charitable societies.

(4) X of 1886.—An Act to amend the Code of Criminal Procedure, 1882, and certain other Acts.

(5) XVI of 1863.—The Excise Act.

(6) XIX of 1841.—An Act for the protection of movable and immovable property against wrongful possession in cases of succession.
(7) VI of 1878.—The Indian Treasure Trove Act.
(8) II of 1882.—The Indian Trusts Act.
(9) IV of 1886.—An Act to amend Section 265 of the Indian Contract Act, IX of 1872.
(10) XXXV of 1858.—An Act to make better provision for the care of the Estates of Lunatics not subject to the jurisdiction of the Supreme Courts of Judicature.

26. In addition to the above mentioned Acts, Chapter XLV of the Code of Civil Procedure was extended to the Station by Foreign Department Notification No. 3538 1. dated 1st October 1886.

27. A List of Rules declared to apply to the Civil and Military Station of Bangalore was submitted to the Government of India and approved by them, with the remark that it should not be considered authoritative and that it in no way supersedes or affects the provisions of Foreign Department Notification No. 126 G. P. of 28th April 1881, which so far as Rules are concerned, is still in force.

## POLICE.

28. There was no change in the constitution of the Police force, the sanctioned strength of which is 319 composed of the following grades:—

| | |
|---|---|
| Inspectors .. .. .. .. | 4 |
| Sub-Inspectors .. .. .. .. | 2 |
| Chief Constables .. .. .. | 8 |
| Head Constables .. .. .. | 8 |
| Serjeants .. .. .. .. | 49 |
| Constables .. .. .. .. | 248 |
| | 319 |

At the close of the year the number was 318, being short of the sanctioned strength by one Chief Constable.

29. The following statement exhibits the number of cognizable cases reported and the manner in which they were disposed of:—

| Class. | No. of cognizable cases reported, both true and false. | | No. of cases struck off as false. | | No. of cases pending under investigation or trial. | | No. of cases fully investigated as true. | | No. of cases prosecuted to conviction. | | Percentage of conviction to true cases investigated. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 |
| I. Offences against State, public tranquility, safety and justice... | 1 | 2 | ... | 1 | ... | ... | 1 | 1 | 1 | 1 | 100 | 100 |
| II. Serious offences against person.. | 17 | 10 | 6 | 2 | 1 | 1 | 10 | 7 | 7 | 6 | 70 | 85 |
| III. Do against person and property, or property only ... | 20 | 35 | 4 | 2 | 9 | 12 | 12 | 21 | 11 | 21 | 91·6 | 100 |
| IV. Minor offences against person... | ... | ... | ... | ... | ... | ... | ... | ... | ... | .. | ... | ... |
| V. Do against property ... | 219 | 198 | 12 | 10 | 30 | 23 | 185 | 165 | 182 | 161 | 98·37 | 97·57 |
| VI. Other offences not specified above ... ... | 2666 | 2119 | 1 | ... | 28 | 1 | 2651 | 2145 | 2623 | 2102 | 98·94 | 97·95 |

30. As compared with the figures of 1885 there has been a decrease of crime under all heads except under head III. The proportion of convictions to true cases investigated was in 1885 97·94 against 98·77, which compares very favourably with the results obtained in other places and is a satisfactory indication of good police administration in the Civil and Military Station.

31. Of the 2,119 cases under head VI, no less than 2,028 cases, including 27 pending at the close of the year 1885, relate to public and local nuisances. There

has been a decrease of 577 cases of this class as compared with those of 1885, which is attributable partly to the increase in the number of latrines in various parts of the Station during the year and partly to the vigilent prosecution of persons offending in this direction.

32. The jurisdiction of the Station Police extends also to the line of Railway that runs through Mysore territory. The Police dealt with 21 theft and 49 nuisance cases on the railway line and premises during the year.

33. Under head VI, 2,119 cases were registered as classified below :—

| | | | |
|---|---|---|---|
| (a) | Vagrancy and bad character .. 2 | (e) | Public and local nuisances .. *2,028 |
| (b) | Gambling Act .. .. 6 | (f) | Other special and local laws cognizable by Police .. 108 |
| (c) | Excise Laws .. .. 1 | | |
| (d) | Railway Laws .. .. 1 | | |

34. Frequent reports of the loss of property, while the train was in motion, along the line of railway from the City Station to Kamasamudrum Railway Station, were received during the year and suspicion pointed in many cases to the Railway employés. The division of authority on the line, however, makes it difficult to trace either the property or the thief, for the jurisdiction of the Civil and Military Station Police ends and that of the Madras Police begins at Kamasamudrum (the last Station in Mysore Territory towards the East). All that the Civil and Military Station Police can do when a theft is reported is to communicate with the Railway authorities, and telegraph to the Police along the line; no systematic watch can under these circumstances be kept on railway thieves, who have the advantage in being able to use the railway and telegraph as they like, whereas the Police are not allowed the use of free passes for the railway or for telegraphic messages.

35. The following statement gives the particulars of the number of persons concerned in the cases dealt with by the police :—

| Class. | No. of persons arrested. | | No. of persons put on trial. | | No. of persons convicted. | | No. of persons discharged before being put on trial. | | No. of persons acquitted or discharged after trial. | | Percentage of conviction to arrests. | | Percentage of conviction to put on trial. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 |

| II. Serious offences against person... | 14 | 11 | 9 | 7 | 7 | 7 | 5 | 4 | 2 | ... | 50 | 63·6 | 77·7 | 100 |
| III. Do against person and property or property only. | 11 | 25 | 15 | 25 | 14 | 24 | ... | ... | 1 | 1 | 93·3 | 96 | 93·3 | 96 |
| IV. Minor offences against person ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... |
| V. Do against property ... | 220 | 184 | 221 | 178 | 215 | 174 | 2 | 1 | 6 | 4 | 96·41 | 94·56 | 97·28 | 97·75 |
| VI. Other offences not specified as above ... | 3,072 | 2,410 | 3,052 | 2,409 | 3,012 | 2,354 | ... | ... | 40 | 55 | 97·44 | 97·67. | 98·68 | 97·71 |

36. The total number of persons arrested during the year was 2,592; of these 2 were released by the Police, and 3 were discharged by Magistrates without trial. Of the remaining 2,587 persons in addition to 39 persons concerned in cases pending at the close of the previous year, 2,560 persons were convicted, 60 were either acquitted or discharged by Magistrates after trial, and the cases of 6 persons were pending at the close of the year.

37. The percentage of persons convicted to persons arrested was 97·30 against 97·15 for the previous year.

38. Of the 2,371 persons arrested under head VI, besides the 39 persons whose cases were pending at the close of the year, only 1,832 were residents of the Civil and Military Station.

39. Three-hundred and eighty-one persons were apprehended for being drunk and riotous, of these 288 were males and 93 females.

*This includes 27 cases pending at the close of 1885 and disposed of during the year under report.

40. Of 206 persons prosecuted to conviction in Penal Code cases, one was convicted for manufacturing counterfeit coin, 3 for murder, 1 for rape, 1 for exposure of her infant, 2 for grievous hurt, 24 for house-breaking and theft, and 174 for minor offences against property.

The above number includes 106 Hindoos, 49 Mahomedans, and 51 other castes.

41. The subjoined comparative statement exhibits the value of property stolen and that recovered with other particulars :—

| Class. | Value of property stolen. | | Value of property recovered | | Percentage of property recovered. | | No. of cases in which property was stolen. | | No. of cases in which property was recovered. | |
|---|---|---|---|---|---|---|---|---|---|---|
| | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 | 1885 | 1886 |
| I. Offences against State, public tranquility, safety and justice... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... |
| II. Serious offences against person .. ... ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... |
| III. Do against person and property or property only ... | 3,742 | 1,730 | 690 | 1,421 | 18-7-0 | 82-2-2 | 18 | 32 | 6 | 21 |
| IV. Minor offences against person... | ... | ... | ... | ... | ... | | ... | ... | ... | ... |
| V. Do against property ... | 3,811 | 2,973 | 2,775 | 2,688 | 72-13-0 | 90-6-7 | 208 | 181 | 176 | 163 |
| VI. Other offences not specified as above ... ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... |

42. The value of property stolen during the year amounted to Rs. 4,703 against 7,553 of last year. The decrease was owing to the absence of serious burglaries during the year. The percentage of recovery was 87—5—11 against 45·14 in 1885, Rs. 46—12—5 in 1884, and Rs. 34 in 1883.

43. During the year 3 bad characters, who were lurking about without any ostensible means of livelihood, were placed before the Magistrate and sentenced to rigorous imprisonment as shown on the margin, they having failed to furnish security for good behaviour.

The cost of the Criminal Courts was Rs. 16,349—7—11, against Rs. 16,086—8—2 in the previous year, the increase being mainly due to the appointment, with the sanction of the Government of India, of an interpreter for the Court of the District Magistrate. 109. *Miscellaneous Applications.*—Exclusive of cases under the Code of Civil Procedure there were 25 cases under Act XXVII of 1860 (an Act for facilitating the collection of debts on succession &c.) 20 applications for probates and letters of administration, and 4 applications under the rules relating to minors.

110. *Disposal of Miscellaneous Cases.*—With the exception of 26 cases all the miscellaneous cases were disposed of during the year.

111. *Average Duration.*—The average duration of *contested cases* was 18·42 days and of *uncontested cases* 8·72 days.

112. *Applications for execution of decrees.*—One-thousand three-hundred and twenty-two applications for execution of decrees came before the Civil Judge for disposal during the year as against 1,264 in 1885. The table below shows the manner of their disposal:—

| | 1885. | | 1886. | |
|---|---|---|---|---|
| | Number. | Percentage. | Number. | Percentage. |
| Transferred ... ... ... ... | 23 | 1·91 | 95 | 7·66 |

| Total..... | 1,202 | ... | 1,239 | ... |

113. The disposals during the year compare favourably with those of 1885, the figures being 1,239 and 1,202 respectively. The total number pending at the close of the year was 83, all of which were of recent date.

114. Out of 221 persons arrested and brought before the Civil Court on warrants, only 24 were sent to jail.

115. Rs. 33,939—0—0 were paid in after issue of process, and Rs. 67,879—0—0 were paid voluntarily into Court. The corresponding figures for 1885 were Rs. 53,814—9—1 and Rs. 26,907—4—7 respectively. The decrease in the amount paid in after issue of process is attributed to the fact that in 1885 the amount realized in execution of decree in one suit alone was Rs. 35,100, while the increase in the amount paid voluntarily into Court cannot be ascribed to any special cause.

116. *Applications for declaration of Insolvency.*—Twenty-eight applications were filed for declaration of insolvency. Of these 14 were granted, but a receiver was appointed only in 4 cases; 7 applications were rejected without penal proceedings being taken, and the remaining 7 were pending disposal at the close of the year. The number of insolvents discharged under Section 355 of the Civil Procedure Code was 14.

117. *Processes.*—Eight-thousand nine-hundred and three processes realizing Rs. 5,671—4—0 were issued, as compared with 8,641 processes and Rs. 5,225 in 1885. The net profits after deducting the cost of the process serving establishment amounted to Rs. 4,523—8—9 or Rs. 448—4—0 more than in the previous year.

*Resident's Court.*

118. *Appeals.*—Including the 7 cases pending at the beginning of the year, there were 20 appeals in all against the decree of the Civil Judge for disposal.

119. *Value of Property.*—The value of the property involved in these appeals amounted to Rs. 25,935—12—1. The highest value of the property involved in appeals instituted was Rs. 20,000.

120. *Disposal of Appeals.*—The results of appeals are exhibited in the annexed statement:—

Only one appeal was left pending at the end of the year.

121. *Average duration of Appeals.*—The average duration of appeals was 74·26 days as against 42·78 days in 1885.

122. *Average value of Appeals.*—The cost incurred by suitors in the appeals amounted to Rs. 217—14—1 per suit.

123. *Miscellaneous Appeals.*—Two miscellaneous appeals were filed at the close of the year, and could not consequently be disposed of during the year.

124. *Miscellaneous Applications.*—There were 2 miscellaneous applications for disposal, one of which was for revision under Section 622 of the Civil Procedure Code, and the other for review. Both these applications were rejected.

## REGISTRATION.

125. There was a change during the year in the administration of this department, the duties of the Inspector General of Registration having been assigned to the Assistant to the Resident in Mysore in July 1886, when the connection of the Inspector General of Registration of Mysore with the department ceased.

126. One-thousand five-hundred and four documents of all kinds were registered during the year against 1,418 in the previous year, there being an increase of 86 documents or 6·06 per cent. The following table exhibits the progress of this department during this and the previous year.

127. The aggregate value of immoveable property transferred by registered documents during the year was Rs. 7,88,360 against Rs. 6,89,869 and that of moveable property Rs. 97,418 against Rs. 46,967 in the previous year. The percentage of fees on the value of immoveable and moveable property was annas 8—3 and annas 3—7 respectively against annas 8—4 and annas 4—11 in the previous year.

128. Twenty-seven documents presented for registration during the year were refused against six in the previous year; of these, refusals in 26 cases were due to the minority of the executants and one to the fact that the document contained unattested interlineations. There were no appeals during 1886—87 and no prosecutions under the Act.

129. Of the 1,504 documents registered, the great majority 1,481 were ready for return on the following day. Ten documents were impounded on account of insufficient stamp duty, two were registered on payment of fine under section 24 of the Act, and three under section 34. The fees paid for the registration of documents amounted during the year to Rs. 4,341—4—0. Thirteen documents remained unclaimed at the close of the year inclusive of eight appertaining to previous years. During the year 26 copies of sale certificates were received from the Civil Courts, and 21 were presented for registration by the holders. The financial results of the working of the department are satisfactory, the gross receipts under all heads amounting to Rs. 4,774—4—0 against Rs. 4,213—10—0 and the expenditure to Rs. 1,650—0—11 against Rs. 1,633—13—9 in the previous year.

130. The net revenue credited to Government being Rs. 3,124—3—1 or Rs. 544—6—8 in excess of that in 1885—86. The percentage of expenditure to income was 34·56 against 38·77 in the previous year.

## MUNICIPAL ADMINISTRATION.

131. The administration of municipal affairs in the Civil and Military Station of Bangalore has continued to be conducted under the Regulations of 1883.

132. The question of the draft Act, framed by the Municipal Commissioners and submitted to the Resident, was pending at the time of Mr. Lyall's departure, and as it covered a very large extent of ground and required local knowledge to deal with it properly, Mr. Fitzpatrick thought it best to postpone dealing with it until he should have had some experience of the work of the existing law.

133. There were 15 vacancies in the Board during the year under review, which, with the Resident's sanction, were filled up by election. The attendance of the non-official members of the Board was not on the whole satisfactory, the native Commissioners being especially remiss in the matter.

134. The estimated income of the year under report, including the anticipated cash balance of Rs. 5,000 of the previous year, was Rs. 1,88,527, while the actual receipts as detailed in the statement below amounted to Rs. 1,85,329, which with the actual opening balance of Rs. 11,820 amounts to Rs. 1,97,149 or Rs. 8,622 in excess of the estimate.

| | Total..... | 1,64,577 | 1,85,329 | 28,359 | 7,607 |
| | Net Increase..... | ... | ... | 20,752 | ... |

135. The decrease under octroi is said to be due to the fact that the Resident having in his Proceedings No. 2711½—3366, dated 27th September 1886, sanctioned the abolition of the octroi duties with effect from the 1st April 1887, the retail dealers in exciseable articles knowing that it was to their interest to wait till the close of the year to lay in their stock which would then be duty free, the transactions of wholesale merchants at the Bonded Warehouse were less than usual during the last quarter of the year under report.

136. Under "Tax on professions and trades" there is a decrease of Rs. 2,483: this is mainly attributable to the fact that the income shown under this head in 1885—86 included, besides the ordinary contribution payable by Government for that year on account of the military officers of the garrison who are exempted from payment of the tax, a sum of Rs. 1,960 being the arrears for 1884—85. The contribution on this account for the year under report amounted to Rs. 1,682.

137. The amount shown under liquor license fees is made up of the following items:—Rs. 15,069 from registration fees realized on liquor shops, and Rs. 14,710 from the collection of fees from license-holders for the sale of arrack over and above 55 gallons monthly, and the duty on the excess sale of beer over and above 7½ hogsheads for the same period. Compared with the actuals of the previous year the income under "Liquor license fees" shows an increase of Rs, 2,955, which is owing to the duty on excess sales of arrack having amounted to Rs. 11,633 against Rs. 8,241 in the previous year.

138. Under the head "Fines" (including fines levied by Magistrates under the Police Act) there is a decrease of Rs. 626, regarding which an explanation will be called for.

139. A marked increase is noticeable under "Transfers and Contributions," which is due to the transfer to the Municipality of the local cess on abkari and land revenue, partly for general conservancy purposes and partly for the maintenance of primary schools in the Civil and Military Station. The realizations on the above account amounting to Rs. 28,858 for the years 1885—86 and 1886—87 were made over to the Board during the year under report. If this item is deducted from the total realizations a falling off of Rs. 3,665 appears under other items as compared with the actuals of 1885-86 : this is mainly due to the inclusion in that year's receipts (1885—86) of an arrear of Rs. 3,560 standing over from the previous year.

140. *Expenditure.*—The total expenditure under all heads amounted to Rs. 1,63,584, as will be seen from the statement appended, leaving a balance at the close of the year of Rs. 33,565.

| | Net Decrease..... | ... | 12,014 | ... | ... |

141. Of the above items, only the following call for remark. The expenditure under original works, it will be seen from the above statement, amounted during the year under report to only Rs. 8,841 against Rs. 28,613 in the preceding year. This decrease is owing to the fact that when the estimates for the year 1886—87 were prepared, the Municipal Commissioners resolved that nothing should be undertaken in the direction of original works except improvement of certain tanks in the Station and the construction of new latrines, sufficient funds not being available..

142. The sum of Rs. 5,194 under " Education" represents the cost of primary education in the Civil and Military Station, which was met from the local cess on abkari and land revenue made over to the Municipality during the year under report.

143. The decrease of Rs. 2,955 under "Hospital charges" is due to the fact that the expenditure on this account in the previous year was swollen by a charge of

Rs. 1,640 in respect of the new dispensary in the Bowring Civil Hospital compound which has just been completed; the remaining sum of Rs. 1,315 represents the net result of increases and diminutions of expenditure under various heads, explanations of which will be called for.

144. *Small-pox and Vaccination.*—There were 97 cases of small-pox during the year under report, of which 22 proved fatal. The number of people vaccinated during the year was 2,093 against 1,659 in the previous year. For some years past owing to the prevalence of small-pox and fever at certain periods of the year, a 2nd class hospital assistant, whose services had been placed at the Resident's disposal by the Madras Government, was detailed for special duty under the Residency Surgeon. The services of an additional hospital assistant of the 3rd grade, who will also be available for special duty in the Station, have now however been secured for the Bowring Hospital.

145. The increase under "Lighting" is attributable to the number of lamps in the Station being raised from 586 to 647.

146. The following statement shows the quantity of the principal articles imported into the Civil and Military Station of Bangalore, together with the octroi levied thereon during the year under report.

147. The income derived from municipal taxes, including octroi which yielded Rs. 39,060, amounted during the year to Rs. 82,606 against Rs. 89,143 in the preceding year, the incidence per head of population being Rs. 0—14—2 against Rs. 0—15—3 in 1885—86.

148. The number of deaths from all causes during the year was 1,110 against 1,152 in the preceding year, the ratio per mille of population being 11·9.

## MILITARY.

149. The Regiment of European Infantry wanting at the end of 1885 to complete the Garrison of Bangalore arrived from Egypt in the beginning of the year under report. Of the Native Corps, the 1st Madras Lancers and the 10th and 14th Madras Infantry left for Burmah, the place of the latter being supplied by the 12th Madras Infantry.

150. The strength of the Garrison, both European and Native, amounted at the end of the year to 3,008 combatant officers and men against 3,553 in the previous year.

The Troops quartered in Bangalore at the close of the year under report were:—

151. The cost of the Garrison including contingencies during the year amounted to Rs. 14,37,104.

## IV. PRODUCTION AND DISTRIBUTION.

### AGRICULTURE.

152. As was remarked in the report of the previous year, the area of arable land within the Civil and Military Station is limited and is mostly occupied by market gardens and cultivated enclosures round dwelling houses. It will be seen from the returns appended to the statistical tables that the total cultivated area amounted to 735 acres, of which 300 acres were sown with ragi, and 239 with other dry food grains. The rice and sugar cultivation covered 86 and 40 acres respectively.

The land revenue amounted to Rs. 3,607 against Rs. 3,654 in the past year.

### WEATHER AND CROPS.

153. During the period under report the climate of the Station was conducive to public health and the rain-fall was both seasonable and plentiful. The outturn of crops was reported to have been a little above the average.

The following table shows the mean temperature, humidity per cent, and rain-fall in each month during the past year.

| Months. | Mean temperature. | Humidity per cent | Rain-fall. | |

The rain-fall gauged at the meteorological observatory was 44 inches and 52 cents against 39 inches and 24 cents in the previous year. The fall was heaviest in the month of September, the quantity gauged being 8 inches and 1 cent.

154. Rain fell on 111 days and the appended chart shows the rain-fall for the past four years.

## TRADE.

155. The particulars of imports and exports of the Civil and Military Station for the year under report will be found in Statement III (1) in the Appendix. Among the imports a considerable falling off is observable in ragi, coffee, cardamoms, dry and fresh cocoanuts, gold and silver.

The increase on the other hand in the import of rice, wheat, horsegram, sugar, gingelly oil, and piece goods was considerable. Amongst the exports, there was a large increase in the export of all articles during the year under report, except in horsegram, silk cloth, gold and silver.

156. There were no exports during the year under report under the following heads; arecanut, cotton, coffee, cardamoms, tobacco, silk and cocoanuts.

The figures for last year however are not sufficiently accurate to furnish reliable data for statistical comparison: more care was taken in the preparation of the statistics for 1886—87, and the subject will receive due attention in future.

## MANUFACTURE.

157. The Woollen Cotton and Silk Mills continued to be the only manufactory of any importance in the Civil and Military Station of Bangalore. The concern is worked by a company, and during the year under report Messrs. Binny & Co. of Madras were appointed their agents for carrying on the business. The mills have not yet been brought into thorough working order. The quantity of yarn manufactured during the year amounted to 5,15,517 lbs. valued at Rs. 1,99,468, and the latest dividend declared was 4 per cent.

During the year, the Mills possessed 13 looms and 260 spindles, and afforded employment to 76 persons daily.

# V. REVENUE AND FINANCE.

## IMPERIAL.

158. The receipts of the year under all heads in the Resident's Treasury amounted to Rs. 68,58,957 against Rs. 64,83,367 in the previous year. The disbursements amounted to Rs. 60,85,078 against Rs. 64,54,009 in 1885—86. There was thus a surplus of Rs. 7,73,879, which added to the opening balance of Rs. 7,71,013 on the 1st April 1886 raised the closing balance of the 31st March 1887 to Rs. 15,44,892.

159. The total direct revenues of the year, excluding those of the Civil and Military Station of Bangalore and those brought to account by the Public Works, Postal, Telegraph and Military Departments, amounted as shown below to Rs. 27,93,633 against Rs. 27,76,916 in the previous year.

160. Excluding the newly imposed income tax, there is only a small decrease in the total receipts of 1886—87 as compared with those of 1885—86. The interest on the loan of Rs. 80 lakhs to the Mysore State decreases from year to year with the decrease in the principal, which is being gradually repaid. The Bengal Civil Fund subscriptions of 1885—86 include receipts for the last nine months only of that year, these receipts having been previously taken to the head of account current with India. Certain large recoveries of service payments in previous years in connection with absentee allowances paid in England by the Secretary of State for India tended to swell the actuals of 1885—86.

161. The total expenditure under service heads, excluding the transactions of the Civil and Military Station and those brought to account by the Public Works Postal, Telegraph and Military Departments, is compared below with the figures of the previous year.

| | 1886—87. | 1885—86. |

| Total Rs..... | 2,53,192 | 2,68,433 |

162. Excluding from the figures of 1886—87 the special charge of Rs. 7,579 on account of the Jubilee celebration, and of Rs. 763 incurred in connection with the newly introduced income tax, the result on the total expenditure is a decrease of Rs. 23,583 in 1886—87 as compared with 1885—86. This is mainly due to the following causes:—

(1) A decrease of 9,935 under salaries and allowances &c. due to the inclusion in the accounts of 1885—86 of the privilege leave allowances of Mr. J. B. Lyall, Resident of Mysore.

(2) A decrease of Rs. 3,063 under Civil pensions due to the refund, in the same year, of that amount to the Mysore State on account of the leave and pensionary allowances of certain officers wrongly received and credited in 1882—83.

A considerable decrease under the same head due to the death of two superannuation pensioners drawing Rs. 8,000 a year, and to the transfer to England and to other provinces of the pension of three others aggregating Rs. 12,000.

163. Larger payments however occurred on the other hand in 1886—87 than in 1885—86 on account of the leave allowances of officers of other districts and provinces drawn in Bangalore, while the grant of Rs. 300 to the Bangalore Pensioners' Widows and Orphans' fund payable in 1885—86 was paid in arrears in the following year.

164. The following statement gives particulars of the receipts and disbursements at the Resident's Treasury other than those given in paras 159 and 161 above.

165. During the year under review, in consequence of an arrangement entered into with the Bank of Madras, the officer in charge of the Resident's Treasury was enabled to supply himself with funds by means of supply bills drawn on Madras to the extent of nearly 13 lakhs more than in the previous year diminishing the specie and note remittances from Madras by a little over that amount.

166. The other variations are not of importance, a slightly increased amount of military disbursements having been counterbalanced by a surplus of receipts, overpayments in connection with the Southern Mahratta Railway.

## LOCAL.

167. The gross revenue of the Civil and Military Station for the year 1886-87 amounted to Rs. 3,77,255 against Rs. 3,37,588 in the previous year. After deducting the charges against income which amount to Rs. 11,468, the net receipts amounted to Rs. 3,65,787 or Rs. 37,018 more than the net receipts of 1885—86.

168. The expenditure under all heads amounted to Rs. 1,44,307 against Rs. 1,56,817 in the previous year, and the balance was Rs. 2,21,480 or Rs. 49,528 more than in 1885—86.

169. Details are given in the subjoined statement of net receipts and expenditure during the years 1885—86 and 1886—87.

170. The income from Land Revenue was Rs. 3,608 but the charges against income, including refunds to the extent of Rs. 3,294, amounted to Rs. 5,057, and consequently the deficit under this head came to Rs. 1,449. Nothing was debited during the year to general administration, civil department, as the cost of the Treasury establishment of the Assigned Tract was, under instructions from the Accountant General, Madras, included in the Resident's Treasury establishment. The decrease in 1886—87 under "Law and Justice" of Rs. 7,897, as compared with 1885—86, was due to a sum of Rs. 4,470 having been paid to the Durbar in the latter year on account of the maintenance of convicts in the Central Jail, and to the allowances drawn by officiating officers during the absence on privilege leave of Colonel Hill, Civil and Sessions Judge, as well as to the reduction effected in 1886—87, in the pay of the 2nd Magistrate, from Rs. 300 to Rs. 250.

171. The increase under "Police" was due to an expenditure of Rs. 7,870 incurred on account of petty construction and repairs. The grants-in-aid to the primary schools in the Station were paid from municipal funds during the year, hence the decrease of expenditure under "Education" as compared with the actuals of the previous year. The sum of Rs. 1,095 shown under "Medical" represents the amount paid to the Mysore Durbar in adjustment of the cost of maintenance, in the Mysore State Leper Asylum, of lepers from the Assigned Tract from 1st April 1884 to 31st March 1886. Of the expenditure of Rs. 762 shown under head "Stationery and Printing," a sum of Rs. 712 was paid to the Superintendent of Stationery, Madras, on account of the stationery supplied to the offices in the Civil and Military Station during the years 1884—85 and 1885—86.

## EXCISE.

172. The excise consisting of the income derived from the lease of farms, the grant of licenses, and the levying of duties in respect of arrack, toddy ganja, beer and opium, forms by far the largest item of the revenues of the Assigned Tract.

173. The farm for the monopoly of the exclusive privilege of the manufacture and wholesale vend of *arrack* for the Mysore State, and with the permission of the Resident, the Civil and Military Station, is leased by the Durbar. The duties of testing, inspection &c., are performed by the officers of the Durbar Excise Department under the supervision of the Collector, Civil and Military Station, who is also Superintendent of Excise Revenue. The Durbar receive as a contribution towards the maintenance of the Distillery establishment, for the three years commencing from 1st April 1887, 33per cent of the cost of establishment and contingencies and 54 per cent of the testers' salary, which it is calculated represents the proportionate share of the Civil and Military Station.

174. Under the present arrack contract, which runs for a period of five years and terminates on the 31st March 1892, the duty including local cess payable to Government is fixed at Rs. 3—5—0 per gallon, the wholesale price at Rs. 4—6—4 and the retail price at Rs. 5 per gallon. The duty on all arrack brought into the Civil and Military Station is recovered monthly from the contractor, and paid into the Resident's Treasury by the Deputy Commissioner, Bangalore, on demand bills drawn by the Collector of the Civil and Military Station.

175. In regard to *Toddy*, which is similarly leased out, an agreement has been come to with the Durbar that under the present contract, which terminates on the 31st March 1890, the Civil and Military Station share of the toddy revenue should be fixed at Rs. 17,229 per annum inclusive of local cess.

176. As regards *Ganja* the system is different. Up to the 1st April 1886 the ganja contract of the Mysore State included the Civil and Military Station; since that date, however, other arrangements have been made by which a separate contract for the Station, for the three years ending 31st March 1889, has been entered into, the minimum annual revenue guaranteed by the contract being Rs. 2,000.

177. The *Opium* sold at the Resident's Treasury to licensed vendors is procured from the Mysore Durbar on payment, by means of requisitions made on the Comptroller, Mysore, by the Collector, Civil and Military Station. The Mysore Durbar obtains its supply from Indore on indents submitted through the Resident's Office.

178. As regards *Beer*, all wholesale and retail beer shops in the Civil and Military Station draw their supplies from the Breweries in the Station, the agent of

which submit to the Collector monthly statements of all liquor supplied, when the duty leviable thereon is recovered and paid into the Resident's Treasury.

179. The excise revenue during the year under review amounted to Rs. 3,11,844 as compared with 2,75,665 in the previous year.

## VI. VITAL STATISTICS AND MEDICAL SERVICE.

### BIRTHS AND DEATHS.

180. The number of births registered in the Station during the year was 1,764 against 1,846 in 1885—86, or in the ratio of 18·85 per millee of population against 19·73. The proportion of male children born to every one-hundred of female births was 106·80 against 111·21 in the previous year. Births exceeded deaths by 6·98.

181. There were 1,110 deaths registered in the Station against 1,152 in the previous year, giving a ratio of 11·87 per 1,000 of population as compared with 12·31 in the preceding year.

182. The mortality amongst females exceeded that of males by 12 or 2·19 per cent.

The highest mortality was in the month of August (131), and the lowest in December (64), while in the previous year the highest was in June (141), and the lowest in October (74).

In respect of age, the rate of mortality was heaviest among children under one year, and the lowest between six and twelve years, the figures being 165 and 14 males and 129 and 22 females respectively.

According to classes, the highest rate of mortality was among "Other classes" which include Europeans and East Indians, and which gave a death rate of 13·74. Next came "Hindus" and "Mohamedans" with a death rate of 11·87 and 10·17 respectively.

183. The following is a comparative statement showing deaths from different causes for the past and preceding years :—

| Diseases. | 1885—86. | 1886—87. |
|---|---|---|
| Cholera ... ... ... ... ... | 57 or ·61 | ... ... |
| Small pox ... ... ... ... ... | 18 „ ·19 | 22 or ·24 |
| Fevers ... ... ... ... ... | 258 „ 2·75 | 263 „ 2·81 |
| Bowel-complaints .. ... ... ... ... | 142 „ 1·52 | 114 „ 1·22 |
| Injuries ... ... ... ... ... | 31 „ ·33 | 25 „ ·27 |
| All other causes ... ... ... ... ... | 646 „ 6·91 | 686 „ 7·33 |

As will be seen from the above there was a complete absence of cholera, and only a comparatively few deaths from small-pox took place at the beginning of the year, the disease having, it is thought, been rapidly stamped out by the precautionary measures which were adopted at the time and which consisted in the services of an hospital assistant being utilized in making an house to house inspection and treating cases as they occurred on the spot, so that all infected persons who were found to be provided with suitable accommodation in their houses were not compelled to seek admission to a special small-pox hospital. The measures thus taken appeared to be most effective in staying the spread of the disease. The mortality was as usual highest under "Fevers", while deaths from "all other causes" embraced the various diseases which are not shown in the above table.

### MEDICAL RELIEF.

184. The Bowring Civil Hospital and the Ulsur Dispensary as heretofore afforded gratuitous medical aid to the public during the year under report.

185. The following table shows the total number of persons treated with percentage of the most common diseases and the deaths therefrom for the past 5 years in the Bowring Civil Hospital :—

| Diseases. | 1882. | | | 1883. | | | 1884. | | | 1885. | | | 1886. | | |

186. The number of admissions from "Fevers" was 302 in excess of last year. Diarrhœa, dysentery, debility, and respiratory affections show an increase in the number of admissions, there being 45, 114, 57, and 350 more respectively than in the previous year, while there was a decrease of 595 under the head of "Ulcers". There were 20 cases of small-pox treated in the Hospital, of which 4 proved fatal.

187. The majority of the casualties occurred under the head of debility as among the treated were many old and infirm people who were reduced to the last stage of weakness by neglect before admission.

188. The following are the numbers of in-door and out-door patients treated during the past 5 years :—

| | In-door. | Out-door. |
|---|---|---|
| 1882 .. | 1,513 | 25,008 |
| 1883 .. | 1,622 | 24,733 |
| 1884 .. | 1,442 | 20,355 |
| 1885 .. | 1,136 | 17,329 |
| 1886 .. | 1,317 | 18,183 |

Of the 1,317 in-door and 18,183 out-door patients treated in 1886 against 1,136 and 17,329 in the previous year, the former year contributed 539 Europeans and the latter year 307.

The increase among both in and out-patients as compared with the previous year is attributed to the better working of the system of re-organization which was introduced at the close of 1884.

189. Recent changes also in the subordinate medical staff, whereby the services of an Assistant Surgeon were secured in the place of Assistant Apothecary Hamilton, who was re-transferred to military duty, and that of the Madras Hospital Assistants have been productive of good.

190. Forty major operations were performed in the in-patient department against forty-six during the previous year, while the number of minor operations amounted to 47 against 37 in 1885. The results of the operations will be seen by a reference to the appended statistical statements as being highly satisfactory.

191. A commodious and well appointed dispensary building situated in the north end of the hospital compound is now fast approaching completion, and when ready for occupation, will, by meeting a want which has long been felt, add materially to the well-being of the institution. The funds for its erection were made available from savings effected from the budget allotment for the past two years.

192. The Ulsur Dispensary continues to maintain its popularity. During the year under review 6,177 cases were treated against 5,734 in 1885. Of the former 5,708 attended personally and 469 were represented by friends.

193. The following were the most prevalent diseases in order of frequency :—

| | |
|---|---|
| Ague. | Rheumatism. |
| Diarrhœa. | Respiratory and skin affections. |

194. Of those treated there were 2,181 men, 1,476 women, and 2,520 children against 2,103 men, 1,488 women, and 2,143 children respectively in 1885. The average daily attendance was 55·45 as compared with 52·35 in the previous year.

## SANITATION.

195. The sanitary condition of the Station has as usual been attended to by the Municipality, which was on the whole fairly satisfactory.

196. Three-thousand five-hundred and eighty-two running feet of V shaped drains and two-hundred and twenty feet of box drains were constructed during the year. The addition of 8 latrines was also made in the most crowded localities.

## VACCINATION.

197. As heretofore the entire vaccination work of the Station was done by the two Municipal Vaccinators.

198. The total number vaccinated during the year under report was 2,093 against 1,659 in 1885—86. The successful cases from primary vaccination were 1,792 against 1,377, or 87·07 per cent of total vaccinated, or 19·49 per 1,000 of population.

The average number vaccinated by each Vaccinator was 1046·50.

Of the total number of primary successful cases, 1,312 were under one year, 431 under six and 49 above six years.

According to sex there were 1,052 males and 1,041 females.

199. Out of the total number of cases (2,093) 35 were cases of re-vaccination, of which 32 proved successful giving a percentage of 91·42.

200. The total cost of the establishment which was borne by the Municipality amounted to Rs. 259 or Rs. 11—6—0 more than last year. Of this amount a reward of Rs. 19 was paid to parents of children vaccinated. The average cost of each successful case was 2 annas 3 pies, or 6 pies less than the previous year.

# VII. INSTRUCTION.

## EDUCATION.

All the schools connected with Government are aided institutions.

201. The year closes with 75, containing 4,421 pupils, against 72 last year with 4,082, which shows an increase of over 8 per cent in the numbers under instruction. There are 45 schools for boys with an attendance of 2,899, and 30 for girls with 1,522. According to the returns, 1,424 of the scholars are Europeans or Eurasians, 730 Native Christians, 1,733 Hindus, 533 Mohammedans, and 1 other.

202. The following statement compares the figures for the past and present years in detail :—

| Grade of Education. | Institutions. | For boys. | | | | For girls. | | | |

| | Total... | 43 | 2,576 | 45 | 2,899 | 29 | 1,506 | 30 | 1,522 |

203. The additions since last year are Arunachalum Modliear's school, with primary and secondary departments, which received a grant of Rs. 45 a month, and the zenana home teaching, introduced on the same basis on which it is carried on in Madras by the National Indian Association, for which a grant of Rs. 12½ a month was made to meet half the salary of a caste female teacher.

204. Modifications were proposed of the standards and rates of the Revised Bengal Code for European schools to adapt it to the public examinations held here and to the circumstances of such schools in Bangalore generally, but no final action was taken in the matter pending the receipt from the Government of India of a new version of the Code which was announced as being under preparation in Bengal. But as regards St. Joseph's College it was ordered that, owing to the large proportion of native students, the Code for European schools could not be applied to this institution. In grants made for buildings or furniture the provisions of the Code were strictly observed, as demanding effective guarantees for the due application of the money.

205. *Financial Statistics.*—The total expenditure for instruction from Government funds amounted to Rs. 30,597, (Rs. 25,373 from Imperial and Rs. 5,224 from municipal funds) against an expenditure from private sources of Rs. 64,789, of which sum school fees contributed Rs. 34,135. The latter item shows an increase of Rs. 2,075 or 6½ per cent over the amount realized in the previous year, which was itself an advance of like amount over the year before. It will be seen that of the Government grants a sum of Rs. 24,655 is devoted to English instruction and Rs. 5,942 to the vernaculars.

206. The distribution of the expenditure is shown in the following table :—

207. Reckoning the whole together, the cost of educating each pupil for the year was Rs. 21—9—2, of which Rs. 6—14—8 was contributed from public and Rs. 14—10—6 from private funds. Or, otherwise stated, each pupil on the whole paid Rs. 7—11—6 in fees, receiving aid from Government of Rs. 6—14—9 and from private sources of Rs. 6—14—11.

**208. The various religious denominations taking part in the work of education and which benefit by the grants from Government are exhibited in the statement here following, together with the amounts received and expended by each :—**

209. *Colleges.*—The two second grade Colleges were more successful in the First Arts examination than last year, St Joseph's having passed 5 students out of 11 sent up, and Bishop Cotton's 2, which was the number sent up : all were placed in the second class. A change has taken place at the close of the year in the management of Bishop Cotton's, owing to the Revd. H. C. Parker M. A., the Warden, having obtained a chaplaincy on the Madras establishment. The Committee have selected as his successor Mr. H. Williams, M. A. of Christ's College, Cambridge, who from not being burdened, as in the case of the Wardens hitherto, with the charge of All Saints and the Fort Churches in addition to that of the school, will be enabled to give undivided attention to Bishop Cotton's. The staff at St. Joseph's has been strengthened by the appointment of a Professor of English Literature in the person of the Revd. Father Peacock from St. Xavier's College, Calcutta. In all the classes below the matriculation standard two sections have been formed, one for Europeans and the other for natives—a system which has been found to work satisfactorily.

210. *Secondary Schools.*—The number of candidates who appeared for the Matriculation examination was 47 (44 boys and 3 girls) ; of whom 19 (16 boys and 3 girls) passed. The list in the margin shows the schools which sent up pupils, and the results in each case. At the Baldwin schools the Revd. Mr. Stuntz has taken the place, as Principal, of the Revd. Mr. Bowser, who had to leave for America on account of ill-health. Additional premises are in course of erection for these schools.

211. The results of the higher examination for women speak well for the preparation of the pupils presented, and from the results of this and other tests it would appear that girls do not go up for a public examination unless pretty sure of success. The number was 23, the same as last year, but no fewer than 19 passed, all in the first class. Bishop Cotton's sent up 10, Baldwin 3, and the Wesleyan school 2, all of whom passed : the Convent had 6 and St. Andrew's 2 candidates, of whom 3 of the former and 1 of the latter were successful.

212 In the Middle School examination also there was greater success than in the previous year. The number of pupils sent up was 162 (110 boys and 52 girls) out of whom 61 (38 boys and 23 girls) succeeded in passing, 8 being placed in the first class. The details regarding the schools are given in the margin. None of those who went up from St. Andrew's seem to have got through, and of those from St Paul's the great majority were evidently not prepared. Vocal and instrumental music was brought up as an optional subject by three girls from the Convent and 1 from Bishop Cotton's, all of whom passed.

213. *Primary Schools.*—In the special upper primary examination, which requires a knowledge of English, 31 candidates (6 boys and 25 girls) passed, 3 of the former and 15 of the latter being in the first class. The following were the schools from which they came up and the number passed from each:—Boys—Baldwin 4, St. Mark's 2; Girls—Bishop Cotton's 9, St. Andrew's 5, Convent 4, Baldwin 4, Wesleyan 2, Hindu 1. At the inspection examinations 272 passed the upper primary standard, and 329 the lower primary.

214. *Unaided Schools.*—The number reported is 58, or 3 more than last year with 2,299 pupils, or 101 more than then. Inquiries have been made with the view of ascertaining the income of these schools, and the following figures contain a summary of the particulars regarding them.

215. Viewed as a whole there has been decided progress during the year in the efficiency of every grade of schools. This is attested by the results of the public examinations and also by the more regular attendance. Probably no place in India of the size of Bangalore is better provided with the means of education for all classes, and nowhere is a more earnest attention devoted to the subject than on the part of the various agencies at work in the Station.

## LITERATURE AND THE PRESS.

216. The number of works registered, which fell from 58 in 1884 to 16 in 1885, reached only 12 in 1886. It is difficult to account for this except on the supposition that the registration does not include all the works published. The 12 books in question were in the following languages:—6 in English, 3 in Tamil, 1 in Telugu, 1 in Hindustani, and 1 in English and Persian.

The subjects treated of were Arts, Biography, Fiction, History, Language, Law, Miscellaneous, Religion and Science (Mathematical). There was one work under each head except Language, Law and Religion, which claim 2 each. The biographical work was a Life of Tulsi Das, a minister under the Emperor Akbar, in Telugu. The remainder, of which 4 were educational, call for no particular notice.

217. The are 19 printing presses, against 17 last year. Of those in the former list two, the Adelphi and the Imperial, have disappeared and four new ones have been established. These include three from which respectively the Evening Mail, the Temperance Monitor (of Holy Trinity Parish) and the General Bazaar Patrika are issued. The remaining new one is the Empress Jubilee Press.

### ECCLESIASTICAL.

218. THE ROMAN CATHOLIC MISSION.—Sixteen European Missionaries and two Native Priests, under the direction of the Bishop Vicar Apostolic of Mysore and Coorg, are in charge of the parochial and educational work of the Roman Catholic

Mission in the Civil and Military Station. At the establishment of the Catholic Hierarchy in India in January 1887, the Vicar Apostolic became titular Bishop of Mysore, with residence in Bangalore.

219. The Catholic population has increased by more than 1,000 during the past year. It now amounts to 13,305, of whom 2,178 are Europeans and Eurasians, and 11,127 are Natives. They are distributed between the four parishes of St. Patrick, St. Francis Xavier, St. Mary, and the Sacred Heart.

220. Besides the parochial Catholic Churches, there are two large Chapels in the Convent of the Good Shepherd, two others attached to educational institutions, and ten smaller ones for the native christians in their respective parishes.

221. The St. Joseph's College, affiliated to the Madras University, affords to European and Native families of all religious persuasions the means of procuring for their children a full course of liberal education. European and Eurasian boarders are received and are under the immediate supervision of their superiors. They were about 60 in number in the year under review. The staff of the College consists of 18 professors, teachers and moonshees. 442 students are on its rolls.

222. The Native Ecclesiastical Seminary of the Mission contains 22 clerical students.

223. In connection with the four Catholic Parishes there are 7 boys and 5 girls' schools for the different classes of the community with a total of 502 pupils.

224. Four orphanages are supported by the Catholic Mission in the Station, two for Europeans and Eurasians, and two for Natives. There are 247 orphans in these institutions.

225. The Catholic Press on St. John's Hill executes all the printing of the Mission, and undertakes work for the public, both in English and Canarese.

226. Near the Cathedral in Shoolay, a library and a recreation room are maintained for the use of the Roman Catholic soldiers, and the members of the Temperance Society.

227. The Sisters of Charity at the Bowring Hospital have during the year continued their good work of incessant nursing. They enjoy the confidence of the hospital authorities and the respect and the affection of their patients.

228 Another large institution of the Roman Catholic Mission in the Civil and Military Station is the Convent of the Good Shepherd, conducted by a Lady Superior assisted by 33 European Nuns. It contains 9 distinct classes or departments, which are briefly particularized below :—

*A boarding and day school for girls.*—This school has an average attendance of 140 children who are taught up to the matriculation standard by 7 European Nuns. Foreign languages, music and drawing are also taught.

*An Orphanage for Eurasian Children.*—The inmates including the children of deceased soldiers vary in number from 70 to 80. The children remain in the orphanage till provided for.

*An orphanage for Native children of all castes, and for Eurasian children of the lowest classes*, in which 180 are cared for. During the year under review 25 of the famine orphan girls were married.

*A Reformatory for Native women and girls.*—There are about 90 inmates in this class.

A "*Home*" *for destitute European and Eurasian women.*—The inmates vary in number from 30 to 40 and are occupied in needle work.

*A Magdalen class.*—This class forms a separate religious community. There are 13 *religieuses* occupied in plain and fancy needle work.

*An Infant Asylum.*—There are 27 foundlings varying in age from one month to 6 years under the care of special nurses.

*A free school.*—Frequented by children of the poorest classes of the Eurasian community. Each child is provided with one meal daily and two suits of clothes annually. The attendance is very irregular, the children being sometimes 30 or 40.

229. *The Native Sisters of St. Ann.*—This religious community numbers 26 native nuns and novices, all employed inside and outside the Convent as teachers in the vernaculars and in knitting and fancy work, which is disposed of for the benefit of the charitable institutions in the Convent.

230. LONDON MISSIONARY SOCIETY.—In connection with the London Missionary Society there are at present three European Missionaries, 4 Native Ministers, 9 Evangelists, and 55 school teachers, of whom 5 are females. The society has lately lost its senior European member, who had been a missionary in Bangalore for the last 50 years. Work is carried on chiefly in the Pettah, and in the districts to the east of Bangalore, where there are 9 outstations. The number of native christians connected with the Mission is 479, of whom 195 are communicants. Under its care are two orphanages, containing 8 boys and 15 girls, also 18 schools with 1,604 scholars of whom 600 are girls. One of the schools is a High school from which 29 passed the matriculation standard of the Madras University at its last examination. The education in the other schools is to the middle and primary standards. The preparation and circulation of school books and vernacular christian literature has also received much attention. Zenana work is prosecuted, also a special work among educated Hindus.

A portion of this work is carried on in the Civil and Military Station, where there is a Tamil Christian congregation of 202 members, and two Anglo Vernacular schools for boys with 170 scholars.

231. WESLEYAN MISSION.—In the Civil and Military Station, the Wesleyan Mission has two departments of work, English and Tamil.

232. There are two *English* Chapels, one adjoining the Parade and the other on St. John's Hill, with a minister attached to each. Services are also held at the City Railway Station, the Cavalry Barracks, and the Kolar Mines. The congregations number 800 members, of whom 141 are communicants. In connection with each Chapel there is an English Girls' school, that in East Parade preparing pupils for the Women's Higher Examination and containing 61 girls, while the St. John's Hill school teaches up to the Middle School examination and has 41 pupils. There is also a Free School in Shoolay containing 53 poor children. In the Sunday schools there are 220 scholars.

233. The Tamil work is under the superintendence of a European Missionary assisted by a native minister and evangelists. The Christian congregation numbers 430, of whom 165 are communicants. The Chapel is in Trinity road, but services both for christians and non-christians are held in school rooms in various parts of the Station. At Mutacheri and Shoolay there are Anglo-Tamil Boys' schools containing 234 scholars, and in the Broadway, the Gun-Troop, Cavalry Lines and Knoxpetta there are Tamil schools with 278 boys. A boarding school containing 40 girls is conducted in the Mission compound. In Narrain Pillay street, Ulsoor and Shoolay there are four Girls' day schools under the care of an English lady and containing 320 pupils. A lady gives voluntary assistance in teaching the families of native gentlemen, and two Bible women are engaged in reading the scriptures.

234. The *Harvest Field*, a monthly missionary magazine, is published at Bangalore.
